

2017 Summer Camps for Ages 8-12

A different theme each week! Camps will run Tuesday-Friday from 11:30am-3:30pm.
No camp week of July 4th. All Camps are \$189.00, with a \$20 material fee included in price.
Camp includes pool time so please bring your swimsuit, sunscreen and excitement!

R2D2 LEGO ROBOTICS BUILDER CLUB

6/20-6/23

1281.302

Two of the most beloved characters in the Star Wars universe are the droids, R2-D2 and his ever-complaining companion, C-3PO. The R2 Builders Club fits in perfectly with using Star Wars to inspire learning. The excitement that comes with seeing such a beloved and iconic character come to life is unreal. Whether you are interested in engineering, math, art and design, or simply part of a robotics team, this is the class for you. Imagine how cool it would be to have R2-D2 roaming the halls of your school! What can droid building lead to? If you're lucky enough, you may just end up building droids on the next Star Wars film.

KIDS BAKING CHAMPIONS

6/27-6/30

1282.302

Anyone up for some friendly cooking competition? The carnival is in town for the Kids Baking Champion camp! It's a thrill ride when you and your team of bakers create carnival-themed cupcakes and incorporate carnival treats like kettle corn, frozen bananas and cotton candy. It's the yummiest camp this summer!

VIDEO GAME DESIGN

7/11-7/14

1283.302

This session we will be taking students through the visual programming language developing process where students will design their own video game using an iPad (we supply every student with an iPad to use). We will use an App-designed programming language for youth making it easier for youth to design games. Students will create game plots, design characters and various game levels.

CAKE BOSS

7/18-7/21

1284.302

Kids will have a blast, get delicious treats, and exercise their culinary creativity in this awesome camp! Teams will compete against their fellow campers to create original cake designs. This is a great camp for budding artists, bakers and team players.

STAR WARS SCIENCE

7/25-7/28

1285.302

From light speed to hyper drives to lightsabers and robots, Star Wars was certainly way ahead of its time despite occurring a long time ago. Come in and explore the world of Star Wars through a scientists mind. What would it be like to master the Force and lift a spaceship with the tip of your finger like Yoda in The Empire Strikes Back? Design your own Millennium Falcon - the "fastest ship in the galaxy." Learn about our solar system and the planets from Star Wars and determine if life could really exist on them.

FOOD NETWORK FAVORITES

8/1-8/4

1286.302

Wake up your taste buds as you become a "Top Chef"! Get ready to compete like your favorites from "Cupcake Wars", "Iron Chef", and "Chopped" as you cook your way to success! You will have the chance to not only compete as a chef, but also participate as a "judge" while you enjoy creations from fellow campers.

MARINE BIOLOGY

8/8-8/11

1287.302

Campers will get to dissect their own squid, hold a 6 foot Octopus, see what is inside a clam shell and feel what it's like to stick their hand in a jellyfish! These are just a few of the cool things we will explore in Marine Biology. We will begin with the "perfect" predator - sharks! Then we will discover how many senses a shark has and how they use them to catch their prey. Campers will perform experiments to see how their own senses match up to sharks! We will hold a real shark and learn how the anatomy assists in their hunting ability. We will analyze why surfers are mistaken for seals and have a surfboard design competition. Of course we will see, hold and touch several marine animals during our marine exploration.

SURVIVOR CHALLENGE

8/15-8/18

1288.302

Outwit, Outlast, Outplay and become the ultimate after school survivor! In this action packed class you and your tribe will be challenged in sports, group competitions, individual contests, mind games, cooking and much more. Set up tents in our tent challenge; make a Hunger Games bow and arrow and survival kit. Race through obstacle courses, target practice and create nature inspired meals on our outdoor cooking day. Win over the tribal council with sportsmanship, teamwork, and daily physical and mental challenges.

We are offering Extended Camp Care for Summer 2017! For more information, please call 818) 222.2782
