

2018 Summer Camps for Ages 8-12

A different theme each week! Camps will run Tuesday-Friday from 10:30am-3:30pm.
No camp week of July 4th. All Camps are \$190.00, with material fee included in price.
Camp includes pool time so please bring your swimsuit, sunscreen and excitement!

MARINE BIOLOGY

6/19-6/22

1281.301

Dissect your own squid, dissect a shark, hold a 6 foot Octopus and a starfish, experience Bioluminescence, see what is inside a clam shell and feel what it's like to stick their hand in a jellyfish!! These are just a few of the cool things you will do in Marine Biology. Don't miss out on learning about fascinating animals of the ocean.

ROBOTS VS DRONES

6/26-6/29

1282.301

This camp is STEM on steroids! Students will build and program Mindstorm robots to battle. We will have a friendly game of junk yard wars and demolition derby each day using Lego Robotics pieces. Our instructors will teach students how to build a drone from scratch. Students have a chance to use their imagination to create their very own drone design. Students will try to conquer the obstacle course and land their drone on a landing pad. Don't miss out on this fun class based on science, technology, and engineering!

FOOD NETWORK

7/10-7/13

1283.301

Join us for 1 week of themed Cooking Camp! Iron Chef, Chopped, Cupcake Wars, and more! Each day will center around a different Food Network show – if you're a fan, bring your "A" game!

CRAZY CHEMISTRY

7/17-7/20

1284.301

Kids love to watch things fizz, foam bubble and explode! If you wish science class was more like the crazy science labs that you see in movies then this is the camp for you! Kids will perform experiments to help them understand the science between acids and bases, mixtures, reactions and other chemistry related concepts. Make rubber balls, lava bottles, the leak proof bag, eating nails for breakfast and dissect a diaper - how does it work?

MAGIC CAMP

7/24-7/27

1285.301

Amaze your friends and family! Children love magic but they really love learning it and then getting to perform it! Students will learn age appropriate tricks performed with everyday objects. This class enhances public speaking skills, instills self-confidence, promotes goal setting and provides an outlet for creativity and self-expression.

VIDEO GAME DESIGN

7/31-8/3

1286.301

This camp we will be taking students through the visual programming language developing process where students will design their own video game using an iPad (we supply every student with an iPad to use). We will use an App-designed programming language for youth making it easier for youth to design games. Students will create game plots, design characters and various game levels.

FORENSIC SCIENCE

8/7-8/10

1287.301

Welcome, Fellow Agents! Whether you want to know how to send secret messages, solve crimes or you just want to check what your siblings are doing, you've come to the right place! Spy Kids will be training constantly... our lives depend on it! We will be counting on you, the best of the best, to execute these missions with excellence: Learning the skills of real undercover agents, Surveillance techniques, Cryptology and information exchange, Pinhole camera's, gadgets and other equipment, Cool spy crafts and more!

We are offering Extended Camp Care for Summer 2018! For more information, please call (818) 222-2782
