2nd Annual THInC Forum

Education in the Era of AI

SAVE THE DATE!

July 30, 2026

The Herb Innovation Center (THInC)

Are you curious about artificial intelligence (AI) and how it can enhance education? Join us for the **2nd Annual THInC Forum: Education in the Era of AI**! This event is designed for educators, university faculty and students, technology specialists, administrators, and community partners to explore the responsible integration of AI in teaching and learning.

What to expect

- Hands-on workshops on AI software and strategies
- Collaborative sessions for practical AI use in education
- Networking opportunities with educators, leaders, and researchers
- High-quality instruction from experienced AI users
- Discussions on the promotion of ethical use and AI citizenship

Registration for presenters and attendees will be open shortly. Stay tuned for updates and exciting announcements!
