Sixteen businesses located in downtown Bay City will receive the funds. 22 Michigan communities throughout the state will receive nearly \$1 million in grants and 299 businesses will receive assistance.

“Match on Main will provide funding to small businesses in Bay City that make our community unique and create the vibrant downtown that both our residents and visitors enjoy,” said City of Bay City Manager, Dana Muscott. “We’re hopeful that these funds will give businesses the boost they need as they begin reopening and operating in the COVID-19 recovery.”

In May, the MEDC announced an expansion of the existing Match on Main program to assist small businesses experiencing hardship from the COVID-19 outbreak. The program was opened to all 286 engaged and certified [Redevelopment Ready Communities](#). Bay Future, Inc. applied on behalf of the City of Bay City to receive the funding. Prior to BFI submitting an application, downtown businesses were provided the opportunity to be included in the application.

“We are excited to be recipients of this grant as we know so many of our small businesses are hurting right now,” said BFI President & CEO, Trevor Keyes. “We’re thankful that the MEDC selected BFI’s application to the Match on Main program and that we have great partners within the City of Bay City and Downtown to get these funds to businesses who need them.”

Earlier this month, the MEDC also announced, MI Local Biz, a matching grant program which is a donation-based crowdfunding platform to generate public interest to raise funds to assist small businesses negatively affected by the COVID-19 crisis.
