ATM CRIME TRENDS

ATMs are targeted by criminals and highly vulnerable to attack

Increase in Machine Attacks

148% 2019 - 2020**

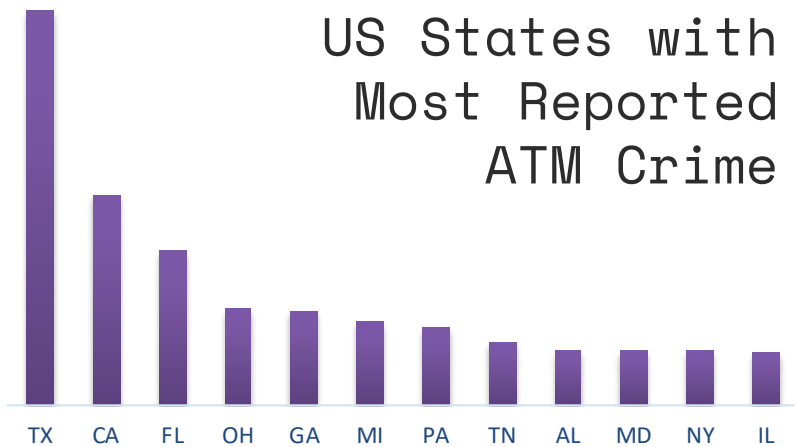

58% 2018 - 2019*

54% 2017 - 2018*

RECENT ATMIA STUDY HIGHLIGHTS CRIME

- Theft of whole ATM using a vehicle **increased** by 53%
- Use of explosives in safebreaking attacks **increased** by 23%
- Standalone ATMs **most vulnerable**, attracting 17% of attacks
 - Others: Through-Wall (14%), Drive Thru (13%), Inside (12%)
- 33% of deployers most concerned about **theft of entire ATM**
- 31% of deployers most concerned about **explosive attacks**

Legal penalties are far less than other types of robbery

ATMs house large amounts of cash for big payoff

Fewer witnesses in more remote and less populated areas
