A **PPLC** Organized event

**Dr. Jared Silverman** has over 20 years of experience in drug discovery, with experience in multiple therapeutic areas and a primary focus on antibiotics for the treatment of serious hospital infections. Experienced in converting basic science into clinically and commercially useful data to guide drug development, patient treatment and marketing strategy. Effective leader of scientific, organizational, and cultural change across rapidly growing organizations.

**Mary Thistle** is a biopharmaceutical leader with a 20+ year record in the life sciences industry, serving in senior finance, operations, and business development roles. Mary currently serves on the Board of Directors of Enterome SA and is the Chief of Staff for the Bill and Melinda Gates Medical Research Institute.

 Lunch will be served
