

# RETURN TO WORK

## PROMOSA

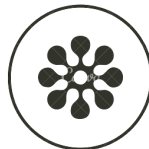

ENGINEERING THE EXPERIENCE

Empower your employees to feel safe returning to work.

### CONSULTING

Onsite assessments of your workspace and recommendations on best practices.

### RESOURCES

Supply of Personal Protection Equipment required to re-open your business safely.

### SERVICES

Long term management of your health and safety program.

## ABOUT US

Promosa has a long history of managing large scale events and ensuring the safety of crowds of people. When COVID19 occurred, we used our health and safety resources to design a Return to Work Safety program that enabled our own employees to feel safe returning to work. Now we want to help other local companies enable their employees to get back to work in a safe and healthy environment.
