Aligns with the Ohio Department of
Education & Workforce's 4 Priorities

- ☐ Literacy
- ☒ Learning Acceleration
- ☐ Student Wellness
- ☐ Workforce Readiness

The Northwest Ohio STEM Collaborative

The Northwest Ohio STEM Collaborative is a network of individuals who are interested and invested in STEM educational opportunities for the youth of northwest Ohio. This group is open to all educators, administrators, and community partners looking to learn, grow, and share about STEM education and opportunities.

This series is facilitated through a partnership between the ESC of Lake Erie West and the Northwest Ohio Center for Excellence in STEM Education at Bowling Green State University.

Join the next NWO STEM
Collaborative event at the
Toledo Museum of Art on
September 24, 2026.

The Power of Art Across the Curriculum at TMA

This session will provide educators with tools and teaching strategies to enhance art across the curriculum through meaningful connections, creative thinking, and interdisciplinary learning. All workshops include gallery activities, a hands-on art experience, and teaching resource materials for educators to take home.

Space is limited - grab a colleague and register today!

Please register for the upcoming NWO STEM
Collaborative sessions this year!
