

The NSPCC Bear Diaries 2020

Get Teddy for a new and unique fundraising event in association with Build-A-Bear®, in aid of the NSPCC.

Only 100 lucky businesses have the chance to take part. For a donation of just £50, you will receive a fluffy intern to spend two weeks of work experience with you from Monday 17 to Friday 28 February 2020.

Engage your team with one of these sought-after helpers and make work life more 'bearable'. Dress your bear, then jump on social media to document what your new team member has been up to! Are they are helping to bear the burden of admin or pawing for a chat at the coffee machine.

All the businesses taking part will be tagged on our local NSPCC South West Facebook page and **the best dressed cub who has the most interesting fortnight will win the trophy!** To find out more about recruiting a member of our stuffed staff and want to help this amazing cause please contact Alison Armer on 07779 341767 alison.armer@nspcc.org.uk

We can't wait to see what the bears get up to #theBearDiaries #NSPCCBearDiaries
