There will be several more stations beginning after flags at 9:00 AM on Saturday followed by camp-wide games. The following is a list of Stations for the Boy Scouts:

Remote Fire Starting

Patrols will need to lash together poles and strike a match at the end to light a candle. Patrols should come prepared with poles, rope, a candle, and matches.

Char cloth Show and Do

Patrols will learn what char cloth was, and will be given the opportunity to manufacture this necessary item for fire starting in the 1700's.

Master Colonial Chief 1776

Patrols will need to make a meal (4 portions) fit for a hungry Continental Army of 1776 and clean up their mess in one (1) hour. Patrols will be given full access to the Continental Quartermaster's limited Army food supplies: Beef (precooked), Chicken (precooked), beans (canned), flour, corn meal, baking powder, sugar, vinegar, and salt. Patrols can bring any other food materials that existed during the 1770s to supplement the Quartermaster's supplies. No box mixes allowed. Fires with preheated Dutch ovens will also be available at this station. Patrols will be responsible for supplying themselves with all other food preparing tools not mentioned in this description.

Washington Crossing the Delaware

Patrols will be timed in moving a flat bottom barge, filled with as many materials as necessary, for the attack at Trenton, across the Delaware River. **IT IS HIGHLY RECOMMENDED THAT EACH PATROL MEMBER BRING A WALKING STAFF WITH THEM TO PARTICIPATE IN THIS STATION.** Limited barge poles will be available on a first come, first served basis.
