

# SPECIAL NOTICE

ABERDEEN  
POLICE  
DEPARTMENT

Due to a number of robberies that have occurred within our Township, we bring the following important points to our business community:

### **Important Safety Measures for Businesses:**

1. Conduct a sweep of your business before closing. During the CVS burglary, the perpetrator was hiding in the bathroom.
2. Ensure your security systems are running properly. During the Santiago Sports 'smash and grab', the sensors did not alert during entry or exit.
3. Be mindful of suspicious activity, such as vehicles parked for extended periods of time, especially at odd hours or for numerous days. Monitor your security systems for anything questionable. The string of burglaries on Route 35 was through multiple towns. The police responded in under two minutes once alerted by the alarm company.

### **Report to:**

If you see anything suspicious, please contact Detective Lieutenant Craig Hausmann at 732-583-4200 ext. 205. If you observe anything that would require an immediate police response, please call headquarters directly at 732-566-2054.

Thank you for your attention to the above important matters.
