

The Kandiyohi County Breastfeeding Coalition

is inviting local businesses to participate in our

Anytime, Anywhere Breastfeeding Initiative.

The goal of this initiative is to ensure breastfeeding families feel welcome and supported in public spaces. We're encouraging businesses to sign our Breastfeeding Welcome Here pledge, which is a simple commitment to providing a respectful and inclusive environment for breastfeeding parents.

What the Pledge Means

By signing the pledge, your business agrees to:

- Welcome breastfeeding families
- Support parents who breastfeed wherever they are normally allowed to be
- Respond respectfully if other patrons have questions or concerns
- Follow Minnesota Statute 145.905, which protects a parent's right to breastfeed in public

This is not a policy change — it's an affirmation of support for families and community health.

What Businesses Receive

When your business joins the initiative, we provide:

- A "Breastfeeding Welcome Here" window cling to display near your entrance
- Materials you can post in your business/ employee break rooms
- Recognition from Kandiyohi County Public Health
- A simple, one-page pledge to sign — no cost, no complicated requirements

Kandiyohi County Public Health can also help support breastfeeding support in the workplace—policy updates, lactation space support, etc.

#AnytimeAnywhereKC

Why It Matters

This pledge helps create a more welcoming community for families. Breastfeeding parents often feel nervous or unsure about feeding in public, and knowing a business supports them can make a big difference.

Interested in Signing the Pledge?

If you are interested in signing the pledge and receiving a window cling, please contact Shana Wall or Brittany Schmalz:
