## Happy New Year, Happy Certifications Courses!

*2018 Certification Course Registration is Open!*  
*by Beth Nolan, PhD*

The [\*\*2018 PAC Certification Courses\*\*](#) are now open for registration! We have dates and locations across the US, Canada, and the UK!

You will notice a few changes on the courses we offer this year:

- ❖ Our new, [\*\*Teepa Knowledge Intensives\*\*](#): After three years of running the Trainer course, Teepa is now stepping away to offer more advanced and intensive dementia care knowledge and skills.
- ❖ The team of Accomplished PAC Mentors are now well prepared to take over the [\*\*Trainer course\*\*](#). Because Teepa will no longer be teaching the course, the new rate for the Trainer course in the US is \$1,600.
- ❖ We are moving the Engagement Certification to a new, online format this year. Thus, there is only one [\*\*Engagement Certification\*\*](#) in 2018, and it's coming up soon. Join us in Naples, FL this February.
- ❖ More and more of our Coach courses are being offered as private events to communities who wish to move toward a true culture change effort. As such, we are only offering [\*\*four public Coach Certification courses\*\*](#) in the US.

Join the [\*\*PAC Certified Independent Professionals\*\*](#) team in 2018 and make the world a better place for those living with brain change!
