

# CALIFORNIA-HAWAII ELKS MAJOR PROJECT, INC.

Since 1950  
Elks Program For Children With Disabilities

Parents:

The California-Hawaii Elks Major Project is a non-profit organization that offers free vision screening to children throughout California. The purpose of this screening is to identify children who may be at risk for undetected vision abnormalities. The screening is not a substitute for a doctor's eye examination.

The Vision Screening Program is performed by a Certified Pediatric Vision Screener and consists of the following for each child:

- ◆ assessment of visual acuity and external eye health
- ◆ evaluation of the ability of the two eyes to work together
- ◆ observation of the muscular ability of the eyes to follow, fixate and maintain binocular vision.

The Vision Screener will need to obtain your address and phone number for the sole purpose of providing vision screening results and obtaining follow-up information.

**There is no cost to the school or child for participation in this vision screening.** Results will be provided to the Legal Guardian.

If you **DO NOT** desire that your child participate in this screening,

please notify \_\_\_\_\_

prior to the scheduled screening on \_\_\_\_\_.
