(Thank you PTO for the generous grant from Gala 2016)

April 20, 2017

Dear Families,

City Tree Christian Preschool celebrates Week of the Young Child to recognize the needs of young children and to thank educators and many others who are involved in building better futures for all children. Week of the Young Child is an annual celebration sponsored by the National Association for the Education of Young Children.

Across the country, young children and their families depend on quality education and care, which help children get a great start, and bring lasting benefits for our society as a whole. Week of the Young Child is a time to recognize the people, programs and policies that are helping to build better futures for all young children. This is a week to recognize that children's opportunities are our responsibility, and to recommit ourselves to ensuring that each and every child experiences the type of early environment at home, at child care, at school and in the community-that will promote their early learning.

City Tree has planned a week long schedule of events to celebrate the Week of the Young Child from Monday, April 24 – Friday, April 28. Please review the calendar on back for detailed activities and sign-up at your child's class to help with the Week of the Young Child.

Thank you for supporting Week of the Young Child which promotes high quality programs which are vital to brighter, better futures for our young children.

Sincerely,

Daphney Wadley
Preschool Director
