

***Science Fair Game - Where's Waldo***  
***Instructions on the Science Fair Website homepage and outlined below.***

- *There are 20 images of Waldo hidden in the web pages and slideshows of the Science Fair website. There are 5 images of Waldo's friends hidden as well.*
- **GOAL** - To earn 1 free dress pass, students need to find 10 images of Waldo. To earn a 2nd free dress pass, students need to find all 5 of Waldo's friends. (The image of all the characters together by the introductory paragraph on the homepage does NOT count toward the game.)
- **Google Survey** - To prove that students have found 10 images of Waldo and/or 5 images of Waldo's friends, the students need to fill out the Where's Waldo Google Survey on the homepage. (Young readers may need help reading and typing their responses.)
- Students have until February 5 to fill out the survey. Students who complete this will receive their free dress passes from their teacher.
