

Greetings everyone and Happy New Year from Star Lake Chapter,

January 15, 2025

We conducted our Chapter meeting on January 5<sup>th</sup>, 2025, at 11am at Rail Hop'n in Auburn. The chapter officers presented the draft By-Laws for the members to review and discuss. One of the chapter members at the meeting made a motion to accept the By-Laws and was seconded by another chapter member. The By-Laws were accepted by a majority 2/3 votes of available members at the meeting with no abstention. The By-Laws were signed by all four officers and will be submitted to the State for review and final approval. The chapter discussed the route and plans for the annual charity benefit ride on June 7<sup>th</sup>. The next step is getting the flyer created for distribution and promoting the event. The chapter is planning to support and participate at the March Swap meet. The chapter needs to confirm participants going to the Spring Opener in June. The next meeting will be on February 2<sup>nd</sup> 11am at Rail Hop'n at address 131 E Main St. Auburn). All are welcome to attend.

Now for this month's safety note. With the weather getting colder and then warming up during the daytime, we found that it really affects the bike tire pressure. Before venturing out on your

next excursion, please check your tire pressure. It will certainly make a difference with the bike's stability. As always, remember the three S's - Stay Alert, Stay Safe, Stay Alive. See you down the road.
