

Greetings from Key Pen!

Mar 25

In January, we hosted our Annual Holiday Party, filling the VFW with great folks and an awesome feast! Great times were had by all breaking bread, good fellowship, reconnecting with those we hadn't seen in a while, games, and even had some Gingerbread houses to keep the children occupied while the adults got their fun on! Those GB houses were amazing. Unfortunately, I did not get a hold of any photos of them.

Unfortunately, Mother Nature caught up to us and we had to shift our February meeting a week due to that White Powdery stuff falling from the sky!!! While some said they were on Heaven, others not so much!

Spring is just around the corner, and cannot get here soon enough. We look forward to getting out for some throttle therapy and seeing many of you soon.

Stay safe, and for all who ride year-round, stay warm and keep the rubber down!

Nick (O'Tym) Gourley
