

We Are The Motorcycle Riders Foundation:

The Motorcycle Riders Foundation (MRF) provides leadership at the federal level for states' motorcyclists' rights organizations as well as motorcycle clubs and individual riders. The MRF is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. The MRF is committed to being a national advocate for the advancement of motorcycling and its associated lifestyle and works in conjunction with its partners to help educate elected officials and policymakers in Washington and beyond.

Renewing Calls To Action!

On Tuesday, lawmakers advanced several measures, including H.R. 1566, the Right to Equitable and Professional Auto Industry Repair (REPAIR) Act, and H.R. 3385, legislation updating the federal definition of a motorcycle. The hearing also addressed multiple bills related to autonomous vehicles and overall vehicle safety.

Advancing these two (2) Motorcycle Riders Foundation (MRF) high-priority bills out of subcommittee shows forward momentum and signals growing support, which we must encourage by renewing our recent Calls To Action. These bills will now be taken up by the full House Energy and Commerce Committee, where additional debate and amendments may occur, before potentially advancing to the full U.S. House of Representatives for consideration.

We cannot pass up this opportunity to encourage progress on these two issues, reminding legislators that we have not lost focus.
