

Summer is just around the corner!

I hope everyone has been able to get some riding in, we've had some nice weather with lots more on the way. Our yearly fundraiser "Outta Control" has come and gone and I'm happy to report it was a nice success. We had lots of support from Star Lake, Foothills, EPCC and our always dependable independents, thanks everyone for coming out and showing your support.

Check your calendars for upcoming rides and get out and support your fellow chapters. The next big event is Spring Opener, it will be here before you know it. Remember to get out and sell the heck out of the bike and gun raffle tickets...you could be the lucky person who wins!

Here's a special shout out to our Brother Bob and his wife Amy, Bob's going through some chemo and the prognosis looks good, let's keep them in our prayers. Until next month, keep your head on a swivel out there, cagers are everywhere.
