

House Votes On E15

The fight over higher ethanol fuel blends took a major step this week as the U.S. House of Representatives approved H.R. 1346, the Nationwide Consumer and Fuel Retailer Choice Act, by a vote of 218 to 203. The legislation would allow the year-round sale of E15 gasoline nationwide by removing current seasonal restrictions tied to federal smog regulations.

In last week's Motorcycle Riders Foundation (MRF) Legislative Update, we warned that the debate surrounding E15 was beginning to intensify on Capitol Hill. This week's House action confirms that fuel policy will remain a major issue for motorcyclists moving forward.

Supporters of the legislation argue that expanding access to E15 gives consumers more fuel choices and may help reduce fuel prices. Opponents, however, continue to raise concerns about compatibility with existing vehicles and equipment, including motorcycles and other small-engine products not designed for higher ethanol blends.

While the House vote marks an important milestone for the legislation, the battle is far from over. The United States Senate must still consider the bill, where supporters will likely need 60 votes to advance the measure.

The Motorcycle Riders Foundation remains committed to protecting rider access to safe and suitable fuel options. The MRF's top priority in this debate continues to be ensuring the widespread availability of E10 or lower ethanol fuel blends for the motorcycles currently on America's roads.

As Congress continues to debate the future of America's fuel supply, the MRF will remain engaged with lawmakers and coalition partners to ensure the concerns of street riders are heard loud and clear in Washington, D.C.

About Motorcycle Riders Foundation

The Motorcycle Riders Foundation (MRF) provides leadership at the federal level for states' motorcyclists' rights organizations as well as motorcycle clubs and individual riders. The MRF is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. The MRF is committed to being a national advocate for the advancement of motorcycling and its associated lifestyle and works in conjunction with its partners to help educate elected officials and policymakers in Washington and beyond.
