House Passes Highway Bill Extension

As expected, the U.S. House of Representatives has passed legislation extending the current federal highway program, moving the deadline from September 30 to December 11, 2026. The extension, included in a continuing resolution to fund the federal government, provides Congress with additional time to negotiate and advance a long-term surface transportation reauthorization. Transportation programs will continue operating through December 11th under the measure.

For the Motorcycle Riders Foundation (MRF), the extension means several important motorcycle priorities remain in play as Congress works toward a broader highway bill. The MRF will continue advocating for provisions addressing motorcycle profiling, the Motorcyclist Advisory Council, Right to Repair, and ensuring that advanced driver-assistance and automated vehicle technologies properly recognize and account for motorcycles.

“While extending the highway bill avoids an immediate deadline, the job is not finished,” said MRF President Kirk “Hardtail” Willard. “The next several months will be critical for ensuring that the final legislation protects the interests of America’s motorcyclists.”

The House action follows Senate passage of the continuing resolution last month. With the December 11th deadline now established, lawmakers have additional time to work toward a comprehensive, multi-year surface transportation bill. The MRF will remain engaged with members of Congress and transportation policymakers throughout the reauthorization process and will continue fighting to ensure that the nation’s motorcyclists have a seat at the table.

About Motorcycle Riders Foundation

The Motorcycle Riders Foundation (MRF) provides leadership at the federal level for states' motorcyclists' rights organizations as well as motorcycle clubs and individual riders. The MRF is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. The MRF is committed to being a national advocate for the advancement of motorcycling and its associated lifestyle and works in conjunction with its partners to help educate elected officials and policymakers in Washington and beyond.
