

Mason County
Chapter Report

There's not a lot happening within the chapter at the moment, except talking about Christmas (Ugh! Really?) and how good of a summer/early fall it has been. Cannot believe we are in the middle of October and it is still going to be 80 degrees this weekend! But we all know it will be coming to an end eventually. It wouldn't be as green and beautiful if we didn't have the rain. Anyway, I thought I would share a story that one of our chapter members, Tom Neal, wrote about a recent trip he made. His goal was to pay his respect at the memorial for Sonny Barger. No other explanation needed. [Enjoy the read.](#)
