

Hello from SKCC

Wow what riding weather we've been blessed with so far...maybe a little warm here and there but great overall. On Aug. 9th we held our Tony Corp memorial ride and I'm here to brag a bit...we have some of the most generous members and Independents. With about 14 bikes and some cages we were able to raise almost \$2,000.00 to help MaryAnn, Tony's wife. A lot of Tony's family were in attendance and it was a special day for certain, a huge thank you to all that participated. By the time you read this you'll be gearing up to go visit our sister chapter EPCC for their annual Teddy Bear Run, it's always a great family event. And then the event our SKCC family looks forward to every year, our Family Campout. It's a great way to enjoy a couple days of food, games and comradery with our fellow SKCC brothers and sisters, sitting around the campfire and soaking up the beautiful mid-summer nights.
