

## Consumer Education on Ethanol H.R. 7731 Call-To-Action

In May, President Biden announced the Environmental Protection Agency would temporarily lift the summer restrictions on the sale of gasoline with 15% ethanol (E15). In response, Representative Austin Scott (R-GA) and Representative Lois Frankel (D-FL) introduced the Consumer Protection and Fuel Transparency Act of 2022 (H.R. 7731).

H.R. 7731 requires more detailed labeling of gas pumps that dispense E15 fuel. Clearer labeling of E15 at the pump will warn consumers about the harmful impacts of misfuelling so consumers can better protect their engines.

Unfortunately, most consumers are not aware that these fuel blends may be causing damage to their vehicles. A recent survey found that 3 in 5 consumers mistakenly believe that E15 is safe for use in all their products. Motorcycles, boats, pre-2001 model year vehicles, and outdoor power equipment are especially at risk to E15 blends.

Please take action now and tell your Representative that consumer education on E15 is needed and ask them to cosponsor H.R. 7731.
