

PATRICIA CASTLE

Biography

Any one who knows me knows I have a passion for family. As an elected member to the board of directors for the RNA, I will engage staff with a personal touch.

My nursing career began in Toronto, Ontario Canada 34 years ago. I have been in the US for 23 years. In El Paso, Texas, I worked in ICU for 2 years and brought those skills to St. Luke East ICU for the next 4 years. Transferring to UCMC, I spent 15 years in the Emergency Department with a recent transfer to 8S.

I have always been interested in the goings on of the nursing union. Protection of workers' rights, safe working conditions, disseminating contract information, and helping new nurses understand the contract, are just a few things that are of importance to me. I hope they are important to you as well.

I have attended some of the AFL-CIO CLC meetings and have been on radio defending the right to have a Bona Fide lunch break. I served as a delegate at the ONA Convention October 2019 and am currently serving as a Board Member for Southwestern Ohio Nurses Association (SONA). Power and strength are in people that care. I care.
