Course to be taken:

- ☐ CETP 4.3 – Installing Appliances and Interior Vapor Distribution Systems
- ☐ CETP 4.4 – Basic Electricity for Propane Appliance Service
- ☐ CETP 4.5 – Basic Appliance Service and Troubleshooting
- ☐ CETP 4.6 – Advance Propane Appliance Service and Troubleshooting

Rules of the program:

The NE Propane Foundation will provide a rebate of \$500.00 for each CETP module listed above. This rebate is available to help supplement the cost of an in-person CETP training program for each of the modules above, administered by an approved training facility in New England. Approved training programs include ENTECH Advanced Energy Training (CEMA), the MEMA Technical Education Center, the Vermont Fuel Education Center (VFDA), and the Propane Gas Association of New England. Only in-person classes qualify for the rebate. This rebate is meant to help subsidize the cost of tuition, books and exams, as well as student travel and other costs. In order to qualify for the rebate, the student must enroll in the CETP Course, complete and pass the Certification exam, perform the Skill Evaluations as necessary, and receive their CETP Certificate upon completion.

In order to ensure that CETP Rebate funds are available for your student, this form must be completed prior to the class and emailed to caryng@pgane.org. We will issue you a reservation number. The student has from November 1, 2022 until November 30, 2023 to complete the course and receive their certification. All completed rebate forms must be received between 11/01/2023 and 11/30/2023 to receive their rebate check and must include a copy of the CETP Certificate and a copy of the invoice for the class tuition. The rebate check will be sent to the party that paid for the class tuition.
