

St. Louis Chapter

Chapter Roundtable Discussion

Tuesday, May 25

7:00pm-8:00pm

Virtual Event

Do you want the opportunity to help decide what management and technical training comes to St. Louis?

Does your team need diagnostic training, service advisor training, electrical training or something else? This is a great opportunity to have input into the planning of your MWACA St. Louis meetings.

Please join us on May 25th for an evening of virtual discussion as we discuss the past year and let your voice be heard in planning the future of our chapter.

We look forward to having you join us!

for shop owners,
managers, service
advisors &
technicians
