

# Real Talk for Real Shops: Let's Shape the Road Ahead

## Roundtable Discussion for Shop Leaders

We invite fellow shop owners, managers, and key players from your shop to join us for an interactive MWACA roundtable event focused on the real challenges and opportunities facing independent automotive repair shops in our area today.

This is more than a meeting—it's a conversation. We'll dive into the issues impacting your shop right now, share insights with industry peers, and identify the training, resources, and support that will bring the most value to our local chapter.

Your voice matters, and your input will help shape future MWACA programs, education, and events tailored specifically for the Central Missouri market.

Come ready to connect, contribute, and help drive what's next for your business and our chapter.
