Estimating Class

with Mark Probst and Tim Paap

Handling Non-Repairable Claims

Have you ever tracked every minute you spent handling a Total Loss Claim? What if I told you, it's not uncommon to spend 10-20 hours or more handling a total loss claim. This class teaches you how to document every step of a non-repairable vehicle and how to properly bill for your time.

Advanced Estimating - Front End Damage Analysis

We take one of the most basic repairs and show you how to write a proper estimate using your Estimating System, P-Pages, OEM Repair Documentation, and other beneficial Software Programs to write the most advanced estimate have increased \$200-300 per estimate after taking this class.
