

## Springfield Chapter

# Air Conditioning Diagnostics & Repair

In-Person Training, with Marc Dufort

Tuesday, May 17, 2022

5:30- 9:00pm

Pasta Express  
3025 W Republic Rd # 104  
Springfield, MO 65807

Sponsored by

This course, delivered by a MACS Certified Instructor, brings the professional technician up-to-date on the latest air-conditioning diagnostic techniques, service and repair practices. Course can be customized to support MACS Section 609 Refrigerant Recycling and Recovery Certification Program training. During the course, participants will:

- o Understand the various HVAC system designs
- o Know the operating characteristics of various refrigerants and oils
- o Understand computer controls used in air conditioning systems
- o Comprehend various diagnostic testing techniques and identify tools necessary to service, maintain, and diagnose air conditioning systems
