

Below please find information on our upcoming Five Day SCRT 101 course.

Location: 49610 Quakenbrück, Germany

This course is designed for people who wish to incorporate Connected Riding into their own riding or teaching program, or who wish to take the initial steps to becoming certified CR practitioner.

### SCRT 101 Course scope:

This course addresses the rationale and fundamentals for the "Connected" method: Biomechanics of movement in horse and rider including body awareness for riders, Connected Riding postures for horse and human, equipment use, and introduction to Connected Riding from the “inside out.” The key application taught in this course learning how and why to balance the human body in neutral position, which is essential to Connected riding and groundwork.

### Course outcomes:

- Receive a certificate of completion for SCRT 101
- Take home practice applications for position, riding, and groundwork.
- Contact group for support, and a plan for progressive learning.

### Course instructors:

Peggy Cummings (or another Connected Riding Instructor) will teach SCRT 101 with assistance of other Connected Riding certified practitioners who may be assisting Peggy or other course instructor.

### **Tuition: \$1,350.00 USD**

The course will have classroom discussions and hands-on work as well as work with horses 3 of the 4 days. It is not necessary to bring your own horse to this course.

Please bring riding boots, helmet and gloves to each course day.

By submitting your application, you agree to Connected Riding Policy and release Connected Riding of all liability.

### **Payment:**

*Is due by credit card or bank wire immediately. Commitment Date by 5<sup>th</sup> of January & Final Payment by 15<sup>th</sup>*

### **Refund Policy:**

No refunds will be made on your deposit if cancellation is less than 45 days of the course date. If we are able to fill your spot, we will refund a portion of your deposit less administration fees of \$50.00. We hold courses on the commitments made by all riders and any last minute drop outs can effect everyone if we do not have enough
