

Cranial & Meridian Clinic

With **Deborah Bowerman Davies**

www.equineselfexpression.com

This clinic will provide an overview of the equine meridian and chakra system, including its effect on muscular, skeletal and cranial systems of the horse.

Four sections:

1. Brief history of meridians & chakras
2. Overview of meridian and cranial mapping.
3. Illness related to inhibited flows.
4. Demonstration and hands on balances along meridian tracts.

Format:

- Saturday morning presentation on the cranial system.
- Afternoon presentation on the meridian & chakra system, and hands-on meridian & cranial mapping.
- Sunday, demonstrations and hands on balances.

It is not necessary to bring a horse.
