**To:** Industry Stakeholders **cc:**  
**From:** BCCMB **Date:** October 14, 2025  
**Re:** August 26, 2011 General Orders – Amendment.

---

Please be advised that the following amendments have been made to the August 26, 2011 General Orders. You will find the corrected pages attached only in electronic form (except where noted). Please print and insert them into your General Orders binder and remove and discard the old pages and replace them with the new pages provided as indicated for **Schedule 19, Schedule 8, and Part 45**. A complete set of amended General Orders is available on the Board's website at [www.bcchicken.ca](http://www.bcchicken.ca) if you prefer to print a complete set.

## **Schedule 19 – Pricing Model**

This schedule is repealed. The Board has moved away from the pricing model which tied the BC live price to Ontario to a new stand-alone BC Cost of Production Formula. The new formula and its inputs can be found on each individual pricing order every quota period. In summary, the formula consists of:

$$\text{Operating Costs} + \text{Labour} + \text{Capital Costs} = \text{COP}$$

Effective with quota period A-195 the Board had successfully completed the phase-in period for the new Cost of Production Formula. On August 13, 2025, the BC Supreme Court of British Columbia rejected all grounds raised by the PPPABC in support of its application for Judicial Review. The case was not brought forward to the BC Court of Appeal.

## **Schedule 8 – Specialty Market Advisory Committee (SMAC)**

The Board has updated the SMAC to reflect the addition of an Asian Specialty Breeder member, and an Asian Specialty Hatchery. The SMAC now has a formalized Terms of Reference.

## **Part 45 -- Leasehold Interest Revocation**

The title of the Part has been updated to "Leasehold Agreement". This was an oversight when the last update occurred and was not changed.

These orders are in effect until amended or varied by further order of the Board.  
Thank you for your attention to this matter.
