

REQUEST FOR PROPOSALS

In honor of Lloyd Casey's many contributions to forestry, a memorial fund was established by the Pennsylvania Forestry Association (PFA), the Allegheny Society of American Foresters (ANSAP), and the National Woodland Owners Association (NWOA). The purpose of the Fund is to provide assistance for educational programs for forest landowners, as well as for local government officials, tax consultants, realtors, and other interested individuals on specific topics contributing to sustainable forestry on private forestlands. Interested organizations or agencies are invited to submit proposals for forestry related projects.
