Making the leap from peer to boss is never easy. Relationships with coworkers change dramatically, and new supervisors frequently struggle to balance old relationships with new responsibilities.

After this class, you will reduce any fears or frustrations you may have, increase your personal effectiveness, gain greater respect from those reporting to you, improve your professional reputation and enhance your overall career.

I feel better today than I have in the one month I've been working. The light bulb clicked inside me! This training will help me to be a better me, and also a better coach, mentor and boss! ~ Jill, Bosselman Companies
