Good morning, everyone! I hope you all had a great weekend. I am not going to send a weekly newsletter today since this is the week before spring break. We will continue learning, reviewing, and doing various Easter activities (including a math Easter egg hunt)! Below are some reminders and announcements to keep in mind (**including our next POL. Please read everything**):

- In your child's folder is an index card with sight words on it. I sent an email about it last Wednesday. We will test the kids on these words every Friday and send home new words on Mondays. Some students did not have their sight words in their folders today. I need those to come back Monday so I can write their new words on their previous card that goes in their sight word baggie. I can already tell this has been effective for some students which is great to see. Again, please remember to send them to school Monday.

- Don't forget I will be providing drink and snack on Friday April 12th. We will **not** have lunch on Friday because it is half day. I asked for clarification on what time we dismiss that Friday and it turns out we are dismissing at 11:00 for elementary and 11:30 for middle school.

- Don't forget Monday April 22nd is a weather make up day. It will be a regular school day!

- We are starting to work on our projects, gather research, pictures, etc. We are going to be raising money to adopt an endangered animal. We looked at animals from the WWF and every student chose their 3 favorite animals and from that I put them in groups. They will be researching the animal, making visuals to represent the animal and its habitat, and trying to convince you why you should vote to save their animal. We will be raising money by selling snacks while you come in and enjoy their presentations. We will collect any spare change, bills, etc. After the presentations, there will be slips of paper for you to vote for your favorite animal. After, we will count the votes, our money, and see what animal we are adopting! There are multiple adoptions packages on the WWF website, but we would like to try to raise \$100! The students are so excited for this project. It has always been my favorite, as I am a huge animal lover. Our POL will be Thursday May 9th at 12:45. Below are the groups. If you could send in any articles, pictures, etc of your child's animal to help with their research that would be great! Mrs. Wilson is going to gather some books from the library as well.

Sea lion: Eian, Tucker, Addison, Carter

Sea Turtle: Dylan, Aliyah, John, Logan, Ivy

Amur Leopard: Maddy, Jake, Liam, Avery, June

Orangutan: Zoey, Luna, Blake, Bradley

I hope you have a great week!

Emily Hyleman
