

## Notes from Mrs. Santucci

Week of April 23<sup>rd</sup>

### This week's objectives:

**Reading:** We can identify problem & solution, make predictions, and identify characters and setting while reading a fiction book.

**Writing:** We can write a table of contents and glossary for our animal habitat-writing project.

**Math:** We can work in small groups to focus on MAP testing skills.

**PBL:** We can finalize our animal habitat projects and present information to our families on April 26<sup>th</sup>.

Where we are going with Math...

I have spent this weekend analyzing our Math Map scores and I am so excited about where we are going for the end of the year. Here are some of the things we will be working on: Double Digit Addition; Matching pictures & equations to word problems within 20; solving equations with 3 addends.

### Important Dates

April 24<sup>th</sup>- Wells Fargo "How to Save" presentation (students only)

April 26<sup>th</sup>- Animal Habitat POL 1 pm

April 27<sup>h</sup>- Reading MAP Testing

May 3<sup>rd</sup>- Field trip to Daniel Stowe Botanical Garden

### MAPS Testing Info

I am so proud of how hard everyone worked on their math test and the scores really showed!! ☺ Our class will be taking the Reading MAPS test this Friday. We will begin at 8:15 so please be sure have your child eat a good breakfast and arrive at school on time.
