For math this week, please make sure to go over subtraction facts -4

4-0, 9-4, 8-4, 7-4, 6-4, 5-4, 4-4, and 10-4.

Please note that these math facts will be assessed on Thursday, April 11th. The purpose of these timed tests is to build the fact fluency (**able to add/ subtract quickly without using fingers**) that they will need to master by the end of first grade.

As you are working with your child at home, please work with your child on writing without mixing upper and lowercase letters. We have been talking about capitalization rules and how good writers capitalize the first letter of a sentence, the letter "I" when used as a pronoun, names, days of the week/months of the year, and places. We are working on correcting our writing in class, but the more practice we get, the better we will become.
