I am enjoying getting to know your children in Art! They always enter so eager to see what they will be learning about and creating that day. :)

In K-5, we have been studying some of the basic Elements of Art ...

Line, Patterns and Color. We will be diving further into color schemes and patterns as we start our Fall projects.

In 7th grade Art we have been studying color theory and perspective. Their one point-perspectives and foreshortening projects turned out great! We also made 3-D name sculptures and started on some collage work. I have already seen improvement in these middle schoolers and I am so happy with their accomplishments.

I want to say a HUGE THANK YOU for all of the art supplies you sent in. We really go through them quickly, so I appreciate every single donation. A few of you wanted to wait and donate further into the year so I will update my newsletters monthly with the latest need for donations if any.

ART ROOM RULES

Always speak **KIND** words

Raise your hand

Be respectful

SHARE with others

Follow Directions

LISTEN & Learn

Be honest & helpful

NEVER give up

Always do your **BEST**

Believe in yourself

Art Room Wish List...

Black Sharpies, Air Dry Clay

Remember to log in to Artsonia.com to see your child's artwork!
