

## Launch a Legacy

Name and launch Rhythm & Motion for PD—transform lives through movement.

**Leave a powerful and visible legacy in the Parkinson’s community with the exclusive Naming Rights for the inaugural year of Rhythm and Motion for PD—a transformative new movement program inspired by the renowned Dance for PD® model developed by the Mark Morris Dance Company.**

**This groundbreaking initiative blends music and guided movement to help individuals living with Parkinson’s improve strength, balance, flexibility, coordination, and mind-body connection.** Led by a certified facilitator, sessions are designed to be joyful, empowering, and accessible—proving that movement is not only therapeutic, but uplifting and community-building.

Your generous support will directly determine the frequency of this innovative program. Our goal is to offer twice-weekly, in-person sessions, creating consistent opportunities for participants to experience measurable physical benefits and renewed confidence. Exercise and creative movement are evidence-based tools shown to enhance quality of life—and you can make this opportunity possible.

This extraordinary opportunity allows you to shape a program that will bring joy, strength, expression, and hope to those navigating Parkinson’s.

**As the Naming Rights sponsor, your chosen name—whether personal, family, corporate, or in honor of a loved one—will be prominently recognized throughout the program’s inaugural year. This is more than sponsorship; it is leadership. It is vision. It is impact. Step forward.**

**Launch a Legacy — Change Lives.**

**Generously donated by: “Your Name Here”**
