

Does your teen need to take a road test or driving lessons?

**Rest assured that we are
taking precautions to
keep your child safe!**

Covid-19 Precautions in our vehicles

Safety during our in-car driving lessons and road tests continue to be a priority at Drive Smart Georgia. Due to the decreasing cases of COVID-19 in our area, Drive Smart Georgia has loosened some of our COVID-19 safety precautions in our vehicles and classrooms. Drive Smart Georgia follows current directives of our local school systems.

- All lessons will continue to be **conducted from our locations** in order to give our instructors more time to completely disinfect our vehicles between sessions.
- For the safety of our students, **all instructors are fully vaccinated**. Vaccinated students will have the option of wearing masks. If they choose to do so, of course, our instructor will also gladly wear a mask. Unvaccinated students are **strongly encouraged** to wear a mask.
- Rest assured that our instructor will be symptom and fever-free. All instructors have strict guidelines to be able to conduct driving lessons.
- Upon arrival, **please stay in your vehicle**. You will receive a text from your instructor when your driving lesson is scheduled to start. The text will include the vehicle number of the car your child will use for the lesson. Vehicle numbers are located on the front and back bumpers of our cars. Our instructor will be standing next to the vehicle. We're doing this to limit your contact with our office staff. Everything will be conducted outside or in the vehicle.
- Instructors will **sanitize** every surface, switch, mirror, steering wheel, seats and more before and after each driving lesson.
