

COVID-19 Safety Precautions for our IN-PERSON Drivers Ed classes

**Rest assured that we are
taking precautions
to keep your child safe
while in class!**

Covid-19 Precautions at Drive Smart Georgia

1. For the safety of our students, all classroom teachers have been vaccinated and boosted; therefore, they are not required to wear a mask during class.
2. Vaccinated students are not required to wear a mask during class. If students are not fully vaccinated, we **strongly suggest** that they wear a mask during all classes.
3. Before and after each and every class, Drive Smart Georgia will use a **commercial-grade disinfecting unit** that is 100% safe to kill airborne germs. This is an above and beyond precaution that we are happy to offer.
4. In addition to using our commercial-grade disinfection unit, our teacher will **sanitize all surfaces** (doors, doorknobs, light switches, desks, chairs, faucets, desks, chairs, pens – everything that is touched!) frequently. Yes, we have plenty of **hand sanitizer** for all students too.
5. All classroom teachers have signed agreements that they will **NOT** report to work if they are not feeling well.
6. Teachers will take the students outside as often as possible for **fresh air breaks**.
