

How to Navigate This Newsletter

First, be aware that there are two kinds of links here, and they both look exactly the same in the newsletter.

- Interior document links
- External links to websites on the Internet

When using a Computer, Laptop, iPad, or Chrome Book

When you click on a link, either a document or a website will open in a new TAB and overlay the newsletter. When you are finished reading, watching or filling out a registration form, click on the X in the right corner of the TAB to close it and the newsletter will reappear.
