Specifically, how does this program/event advance UUSCS's work toward social justice in the wider community? The term 'Social Justice' is defined as 'justice in terms of the distribution of wealth, opportunities, and privileges within a society.' Peace Dale Elementary School (PDES) is a K-4 elementary school located in South Kingstown. PDES houses all specialized programs in the district, including all programs for students with disabilities and is the only Title 1 elementary school in the district. We are interested in bringing a presentation to the school by the Tomaquag Museum to offer cultural enrichment to a group that might not otherwise be able to experience it. A number of these children have cultural ties to the indigenous people in the area.
