Our 7 + Principles and Sources are in Review

Do you remember this opportunity that has been advertised
in this newsletter for the past month?

Multi-congregation Discussion: Revising the 7 Principles?
Tuesdays * November 1, 8, & 15 * 6:30 – 8:00 on Zoom

Here is what we are learning about those discussions...

There are extensive proposed changes to Article II (A2) of the UU A bylaws, including **deleting the list of principles and sources** and replacing them with prose descriptions. The changes have been released for comment. For your information, we are including here a list of documents and a link to the feedback form, due by November 28, 2022 - a looming deadline. If you cannot respond by Nov. 28, there will be other opportunities to send feedback before the"Article 2 Study Commission" prepares a final report for the 2023 UUA General Assembly. We need to become informed on this development and start a conversation within our congregation to, at the very least, inform our voting delegation to GA.

Chart that compares existing and proposed bylaws
Existing bylaws complete
Feedback form - very detailed. If you don't have time to answer each question, we suggest to at least express your initial response to the changes in one of the extended answer boxes.
