

Did you know that...

Our dear friend and UUCSC member, Pam Santos, has set up a wonderful place called “The Gentle Farm?” At the Santos home site, here in South Kingston, are a host of happy animals – chickens, goats, donkeys, cats, and rabbits – all enjoying a wonderful life! As described by Pam:

“Here at The Gentle Farm we believe that people benefit from simple interactions with our animals. Whether it is snuggling one of the mini donkeys, or waiting patiently for the bunny to hop into your lap; allowing the goats to nibble snacks out of your hand, or discovering a fresh egg laid by a hen. Time spent on the farm is time well spent.”

As part of the upcoming UUCSC online auction beginning on April 9, you will have several chances to bid on a wonderful day at the Gentle Farm with your family and/or friends. Pam and her many animal friends can’t wait to see you, and to introduce you to all that make up the Gentle Farm. Pam plans to gradually grow the farm as a place for visitors who want to be closer to nature and to these wonderful animals. Here are a few pictures from the farm:
