2024 Spring Clean-up/Fix-up

Ed, Russell, and Michael B. did a walk through on 2/25/24 after Service-Also talked with Choir Director Michael G. for projects. RE Director Lee's list has been incorporate, there is a supplies/materials/equipment list and a tentative project crew list.

Rev. Denis/Nancy – any other projects or anyone else that we need to ask for projects that should be considered before we prioritize for the one day "Clean-up/Fix-Up"?

Below is Tentative Non-Prioritized Project List (we will Prioritize once we know how many volunteers) We will publish work list to Congregation as part of the announcement.

Choir Room
-Clean Cobwebs-Vacuum the Music room-Vacuum the Choir area especially the area around the sound system platform. It will continue to get plaster dust until we fix that issue, but a good thorough careful vacuum.
-Move items that don't belong i.e. lamp, rug, Chairs (maybe put in Community Room, put a few in Library?)

Gender Neutral Bathroom/Hallway
-Fix lock
-Cover wires that are on left side of door (these wires are for the AC Thermostat on opposite wall)
-Get and install a cage for the thermostat that was just moved out of the Library

All Around
-Clean all baseboard heating
-Clean up cobwebs
-Clean Stairwell area outside of Kitchen vacuum/cobwebs etc.
-Straighten up storage room opposite of boiler room

Outside
-Weed planted areas
-Repair/Repoint Stonewall in RE area

RE Area (Lee 's List)
Outside:
-Remove poison ivy along the fence by the water
-Remove thorny locus trees to remove in the garden bed that's up against the building, where "Chalice" the scarecrow now lives. They're very tough and well rooted

Inside:
-Replace stained ceiling tiles
-Repair faucet in the big bathroom downstairs it leaks if it's not pushed very hard against the wall...it's gotten a little worse so maybe just a tightening?
-Repair faucet in the RE Area kitchen it leaks from its base (into the sink, not under the sink)
-A dusting behind all the furniture and cobwebs on the ceilings
-For the art hallway(between the two bathrooms) install a "art hanging strip", similar to what is outside of Rev. Denis's office.

-Repaint chalkboard at bottom of stairs with chalkboard paint
-Need to figure out how to unlock that outside door by the nursery?
-There are broken or missing screens on the windows and windows that won't stay open. Replace and repair Need to be able to open more them!

Supplies/Material/Equipment
-Dusting/Cleaning spray
-Old cloths for cleaning/dusting
-Telescoping pole
-Vacuum
-Wire cover box
-Thermostat cover cage
-Lock Repair
-Work Gloves
-Stonewall repair glue/bonding /construction adhesive
-Weed puller
-Ceiling tiles (maybe we have a stash of extra tiles?)
-Faucet repair kit(s)
-Art hanging strip
-Chalkboard Paint
-New Screens/window repair

Project Crews
Vacuum/Dust-2-3 people
Faucet/lock/wires-cage/art hang strip/unlock door – 3-4 people (skilled)
Stonewall – 2 people skilled
Weed (locust/poison ivy/garden variety) – 3-4 people
Ceiling tiles – 2 people
Repaint Chalkboard – 1 person
Repair window/screens – 2 people
Moving items - 2 people

What's for lunch?

*So far this list looks very doable to complete in 4-5 hours if we can get 15-20 people (any less and we will need to prioritize work list)
**On a separate note-Andrew White (Bobby's dad) will repair the fence and gate. He will get us an estimate. Condo Assoc. Is willing to cover costs.
