

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

April 29, 2022

Dear YMCA Members,

First off, I want to thank you for being so understanding during this past month that our pool has been closed. I know a lot of you use the pool daily and it has become a part of your daily routine. I understand having to pivot away from your daily routine has been challenging for a lot of you this past month. Currently, the roofing company is finishing up the last few items on the roof. The pool has been refilled and we are working to heat the pool and get the chemical levels where they should be. That can take up to a week to complete. Once that is complete, we will be ready to reopen the pool. With that said, we plan to reopen the pool to all classes and activities on Friday, May 6th.

I want to take a minute and thank those of you who have kept your membership active during this past month. Keeping your membership active has helped the Y alleviate some of the financial burden and helped ensure that we can continue to provide high quality facilities for our community to use into the future.

If you have any questions regarding the pool reopening, please reach out to me through email or phone.

Sincerely,

Jamie Shirk

CEO

Randolph Area YMCA
