Workshop and Book Signing: (Registration Required)

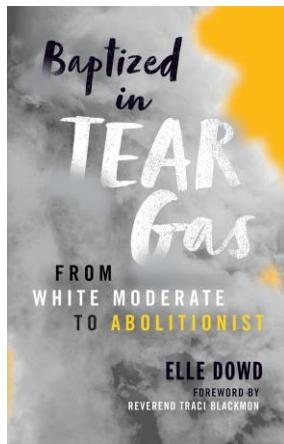

Saturday January the 28th - At 12:00 PM, The Rev'd Kenn Katona will host an informal soup and sandwich luncheon for participants, after which Pastor Dowd

will lead a workshop titled: “**Spiritual Imagination as a Tool for Social Change**” (see description below), from 1:00 PM - 3:00 PM. Who should attend this workshop? All who believe in justice and are committed to Building a Beloved Community in our church, community, and world. The workshop will be engaging and interactive. The program will be held in the Lounge.

Scripture tells us that our spiritual ancestors dreamed of a world where everyone will have what they need to thrive - a world where people are healed, the hungry are fed, captives are liberated, and prisoners are set free. Yet when we look at the pain all around us, this dream can feel far away. In the face of such profound suffering, it can be hard to believe that another world is possible at all. But even when it doesn't feel true, there are so many ways that our faith can be used to bring God's vision of abundance and liberation to fruition. Pastor Elle Dowd (she/they) will lead us in a workshop on the role of the Church in our collective liberation and the tool of spiritual imagination as one of the Church's most important contributions to the world.
